LETTER FROM THE COUNCIL PROPERTIES COMMITTEE

Dear Scoutmasters,

Thank you for your interest in maintaining and improving Camp V-Bar. To continue with on-going improvements to our camp, a list has been developed by the Council Properties Committee of projects for units and individuals to perform while at the camp. The committee continually updates the list and also remains open to additional suggestions for projects to be performed.

The project timeframes range from a few hours of work to a day or more. But, in general, these projects have been selected as ones that could be achieved by a unit during a typical resident camp. Camp V-Bar also has larger projects identified as part of our Capital Campaign – please connect with us if interested in exploring any of these projects.

The materials, supplies, and equipment needed for the projects varies. So, when you choose a project, some discussion and coordination will need to be done to ensure you have what you need to perform the project.

Thanks for your help in making Camp V-Bar the best camp in the Gulf South!

Ken Klemm
Vice President, Properties
Southeast Louisiana Council

Registration Technical Detail

For Service Projects, change the Category from Merit Badges to Service Projects to see the list.

The image shows two side-by-side screenshots of a web interface. The left screenshot has a dropdown menu labeled 'CHOOSE ACTIVITIES IN CATEGORY' with 'Merit Badges' selected. Below it, under the heading 'Activity', is a button with an upward arrow and the word 'Add', followed by the text '1&2-Citizenship in Society'. The right screenshot has the same dropdown menu but with 'Service Projects' selected. Below it, under the heading 'Activity', is a button with an upward arrow and the word 'Add', followed by the text 'Prj-Adirondack'. A red arrow points from the 'Merit Badges' dropdown to the 'Service Projects' dropdown, indicating the change.
